

VRCA

Building Tomorrow's Communities

Connect. Grow. Lead.

**Representing
Construction Leaders
Across the Lower Mainland
Since 1928**

The VRCA: More than Membership

Since 1928, the Vancouver Regional Construction Association (VRCA) has united the voice of construction to help members **influence policy, build leadership, drive connection, and shape the future** of the industry.

2025–2028 Strategic Focus

- ✓ **EVOLVE** the association to stay relevant and lead in the new era of construction.
- ✓ **UNITE** industry stakeholders to create a strong, collective voice and strengthen the future of construction.
- ✓ **AMPLIFY** the brand and value of construction to elevate the industry's profile and attract the next generation.
- VALUES**
 - ✓ Community, Leadership, Integrity, Inclusivity, Innovation

We Serve

- General Contractors
- Trade Contractors
- Manufacturers & Suppliers
- Professional Services

Signature Industry Experiences

Build relationships that drive business, leadership, and opportunity. The VRCA hosts **38+ industry experiences** annually, helping you to **build influence and visibility** with the right people, in the right rooms, at the right time. This is where industry relationships are built!

VRCA | YCL Network

The VRCA | Young Construction Leaders (YCL) network connects **emerging professionals** with peers and industry leaders through tailored events, learning, and relationship-building opportunities – helping shape the next generation of construction leadership.

Sponsorship & Partnership Opportunities

Increase your brand visibility, demonstrate thought leadership, and make a measurable impact in the construction community with **direct industry access**.

Networking Community

A Seat at the Table – Not on the Sidelines

Membership means having a say in the rules that shape your business – not just living with them. Guided by member feedback and industry needs, VRCA advocates on your behalf alongside the **British Columbia Construction Association (BCCA)** and **Canadian Construction Association (CCA)**, leveraging the collective strength of more than **18,000** construction organizations across Canada.

Our municipal, provincial, and national advocacy efforts focus on reducing red tape, accelerating permits and approvals, advancing fair procurement, and shaping practical policy.
